**MOUNTAIN VIEW, Calif., July 23, 2020 (NewsWire.com) -**

Hudnell Law Group, a modern intellectual property law firm, is proud to announce its 10-year anniversary.

Established in 2010, Hudnell Law Group is known for its large firm expertise and small firm touch. Hudnell Law Group started in New York, NY, and is now based in Mountain View, CA. The firm represents clients around the world in patent litigation, patent trials, patent licensing, patent prosecution, and IP counseling matters. Hudnell Law Group works with individual patent holders, startups, mid-sized companies, and large publicly traded companies from industries spanning electronics, telecommunications, semiconductors, networking, computer hardware, software, and financial services.

Founding attorney Lewis Hudnell specializes in patent litigation. He is committed to providing outstanding client service and to helping clients achieve favorable results in complex patent disputes.

"As I reflect on the past 10 years, I am overcome with feelings of deep gratitude," said Lewis Hudnell. "I formed this firm with the simple idea of building a new model for providing legal services that is focused on innovating, adding value, and delivering results. When I began my legal career, I never envisioned starting my own law firm. As I pause to celebrate reaching this special milestone in the firm's journey, I must express gratitude for the valued relationships that we developed along the way and that have contributed to the firm's success. I am looking forward to our next 10 years."
